SKM Power Engineering Bursary

SKM wishes to offer a bursary to a student studying Electrical Power Engineering at Curtin University of Technology each year from 2008. The bursary is aimed at providing financial support and vacation employment to a deserving Electrical Power Engineering First Year student at Curtin. The selection will be on a competitive basis and applications should be addressed to Professor Syed Islam, Head of Department of Electrical & Computer Engineering, Curtin University of Technology. Applications should include the following:

- Statement of academic record
- A statement on why you wish to pursue a career in power engineering
- A statement on what are the challenges for the power industry today
- Your community, professional and/or extracurricular activities

Application closes on 31 July 2008.

To be eligible to apply for this bursary, you must be a First Year Electrical Power Engineering student at Curtin University of Technology.

The bursary is valued at $8,000 over a period of Four (4) years. The bursary also includes at least one vacation employment period at SKM or location of its clients for a period of 12 weeks.

For more information on SKM please visit the website www.skmconsulting.com and for more information on the application process please contact professor Syed Islam, Head of Electrical & Computer Engineering, Curtin University of Technology s.islam@curtin.edu.au
