Western Power Scholarships in Electrical Power Engineering

Western Power wishes to offer Five (5) bursaries to students studying Electrical Power Engineering at Curtin University of Technology each year from 2007. The bursaries are aimed at providing financial support and vacation employment to deserving Electrical Power Engineering First Year students at Curtin. The selection will be on a competitive basis and applications should be addressed to Professor Syed Islam, Head of Department of Electrical & Computer Engineering, Curtin University of Technology. Applications should include the following:

- Statement of academic record
- A statement on why you wish to pursue a career in power engineering
- A statement on what are the challenges for the power industry today
- Your community, professional and/or extracurricular activities

Application closes on 31 July 2008.

To be eligible to apply for this bursary, you must be a First Year Electrical Power Engineering student at Curtin University of Technology.

The bursary is valued at $8,000 over a period of Four (4) years. The bursary also includes at least one vacation employment period at Western Power for a period of 12 weeks.
