Mining Technicians Group Australia (MTGA) is a manufacturer of WiFi communication trailers for the mining industry, and installs and maintains technology products for mobile equipment on minesites in Western Australia.

Thesis and Casual Work

- An opportunity exists for the right candidate from Electronic & Communication Engineering to work with MTGA on a casual basis in Perth (with some brief minesite work) and produce a thesis on one of two research topics (subject to University approval)
- The successful candidate will:
  - Be enthusiastic, hard working and practical
  - Work well with their hands on electrical and communication devices
  - Pass a drug screening at anytime
  - Have a strong safety culture and be mature and flexible
  - Be able to travel and thrive in a remote minesite environment
- MTGA is a practical, hands-on installation and maintenance company. The successful candidate will support implementation activities
- There may be an opportunity for the successful candidate to undertake a thesis with MTGA support on one of two research topics, subject to University approval:
  - Autonomous vehicles in the mining industry
  - Wireless communications in remote industrial sites

- Please email a covering letter and CV to: mtga@mtga.com.au
- Casual work and thesis opportunity exists for 2015, commencing Feb 2015
- Applications should be received ASAP, closing March 6, 2015
